Design / Manage project

For 'Manage project' and 'Idea'.....

Please don't allowed duplicate in the 'Project Name' field, this name needs to be 'unique' for further researchs.

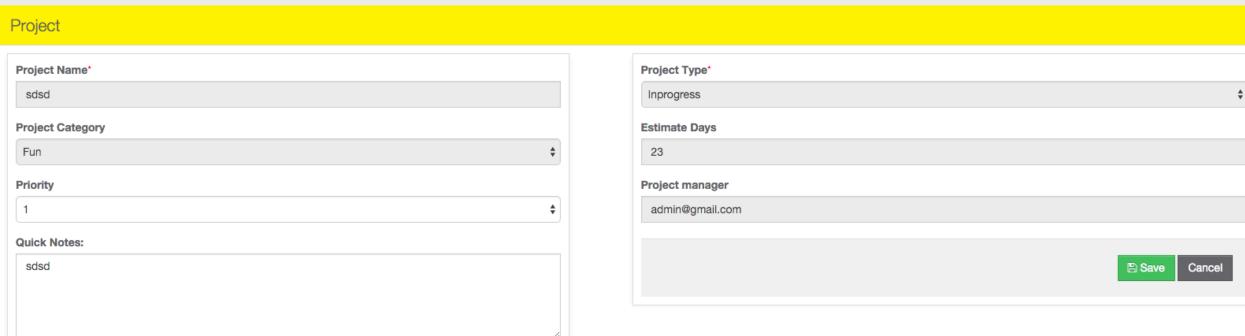

For 'Manage project', 'Idea' and 'Archieve'.....

Please create a button to create a similar based on the project viewed.

■ Manage Project

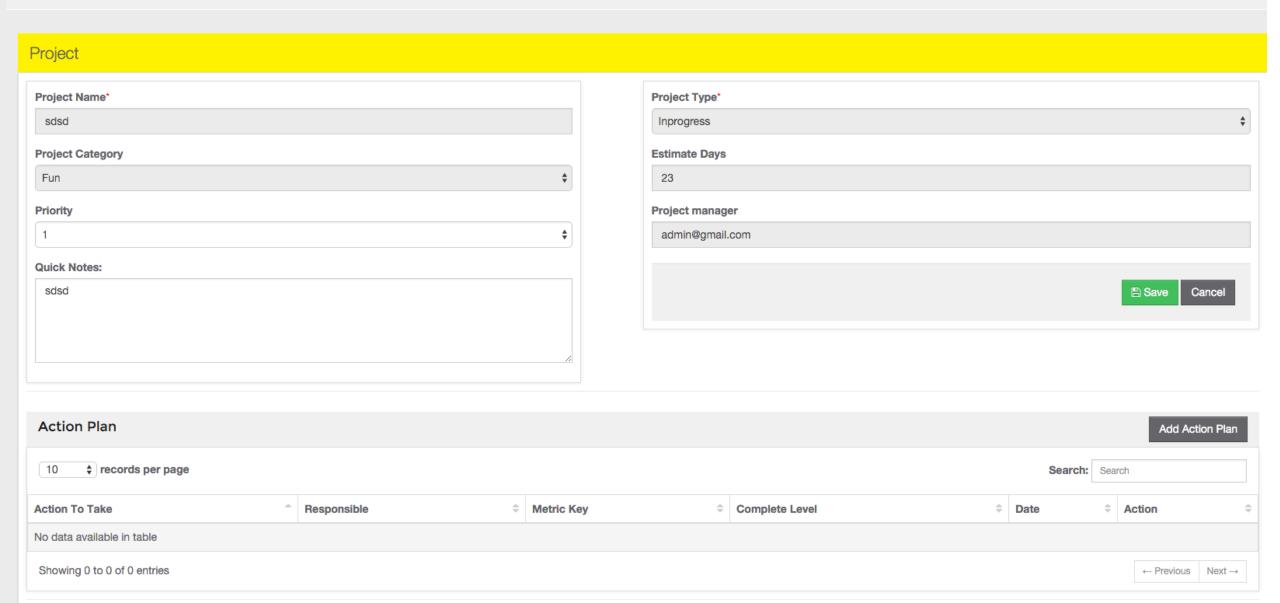

When the user will create a similar, this will open an other window, based on the one they used to create the similar project.

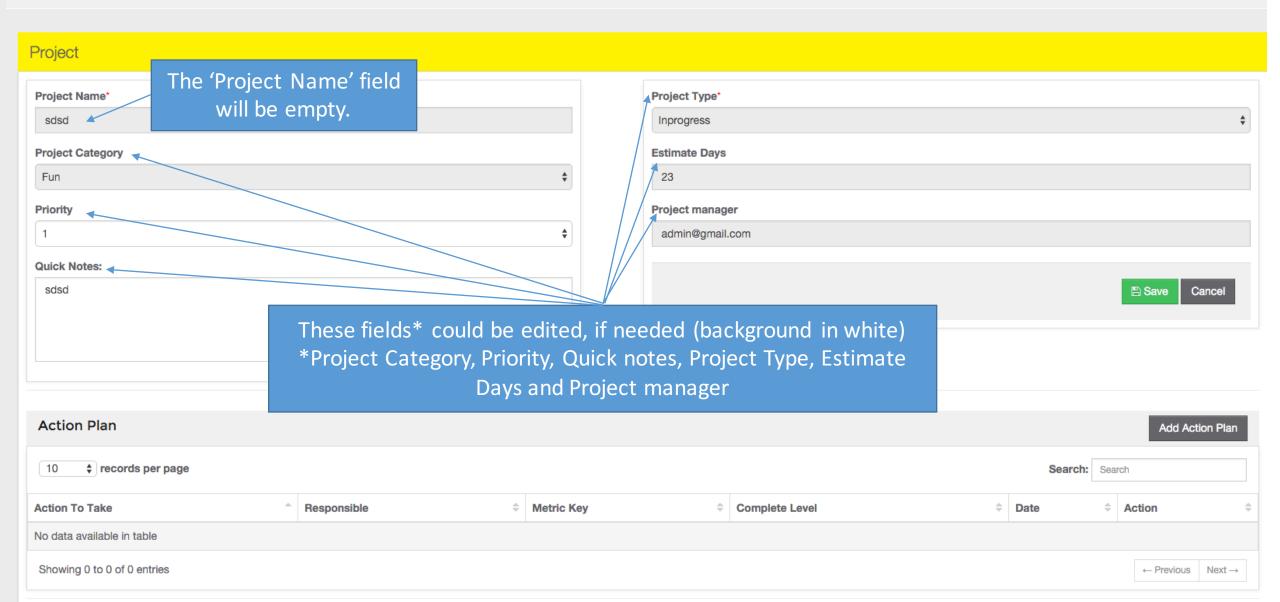

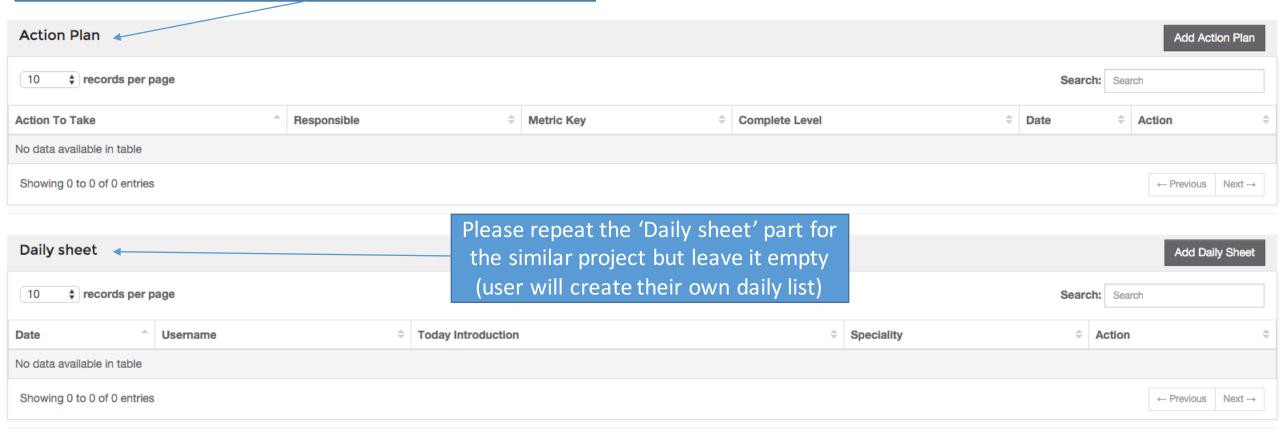

■ Manage Project

The 'Action plan' part of the project will be repeat (all actions listed on the original project will be repeat for the similar)

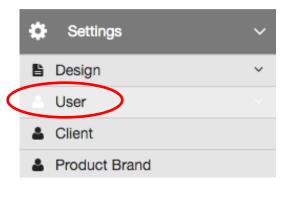

Please repeat the 'Attachment', 'Notes' and 'External Com' parts for the similar project but leave it empty (user will download new documents/notes, if needed).
